

OKA Plus

Passt. Zusammen.
Fits. Together.

Das Plus an Comfort

The plus in comfort

Die Sofa- und Tischelemente der OKA Plus Kollektion eignen sich ideal für lockere Arrangements in der Kommunikationszone, für Meetings, kurze Besprechungen, entspanntes Arbeiten mit Laptop oder einfach zum Ausruhen in der Mittagspause. Ihre Maße sind an die Trennwände der OKA Pods Kollektion angepasst, sodass beides schön miteinander kombinierbar ist. Die OKA Plus Sofaelemente sind in vielen Stoffkollektionen namhafter Hersteller verfügbar.

The sofa and table elements of the OKA Plus collection are ideal for casual arrangements in the communication zone, for meetings, short discussions, relaxed working with a laptop or simply for relaxing during the lunch break. Their dimensions are adapted to the partitions of the OKA Pods collection, so that both can be beautifully combined with each other. The OKA Plus sofa elements are available in many fabric collections from well-known manufacturers.

Gut kombinierbar

Good to combine

Durch die Vielseitigkeit der Kollektion mit Ihren als 1-Sitzer und 2-Sitzer ausgeführten Polsterelementen sowie den verschiedenen Lehnentypen und Andockelementen, lassen sich ganze Sitzlandschaften zusammenstellen, welche genau für Ihre individuelle Anwendung passend sind und optimale Arbeitsbedingungen bieten.

Due to the versatility of the collection with its upholstered elements designed as 1-seater and 2-seater as well as the different backrest types and docking elements, entire seating landscapes can be put together which are exactly suitable for your individual application and offer optimal working conditions.

Über den Designer

About the designer

Dymitr ist ein polnischer Designer. Er absolvierte Architektur und Stadtplanung an der Technischen Universität in Danzig. 2006 ging er nach London und fünf Jahre später zog er nach Asien um, wo er seit dieser Zeit lebt und arbeitet. Er sammelte Erfahrung in namhaften Designunternehmen und jetzt führt er sein eigenes Designgeschäft in Singapur.

Er beschäftigt sich mit Architektur, Innenraum- und Möbeldesign. Seine Projekte wurden in den meisten asiatischen Ländern realisiert, und nämlich in Singapur, Indonesien, Malaysia, China, Indien, Myanmar, Vietnam, Taiwan und auf den Philippinen. Kunden, mit denen er zusammengearbeitet hat, waren renommierte Unternehmen und viele andere dynamisch entwickelnde Firmen und private Investoren, die nach Innovationen suchten.

Dymitr ist auf vielen Geschäftsebenen tätig und konzipiert sowohl moderne Büros als auch Luxushotels oder Privathäuser. Wenn er Möbel und andere Produkte entwirft, verwendet er sein Wissen aus vielen Bereichen und Erfahrungen, die er während der Zusammenarbeit mit globalen Kunden gesammelt.

Dymitr is a Polish designer. He graduated in architecture and urban planning from the Technical University in Gdansk. In 2006 he moved to London and five years later he moved to Asia, where he has been living and working ever since. He gained experience in renowned design companies and now he runs his own design business in Singapore.

He is involved in architecture, interior and furniture design. His projects have been realised in most Asian countries, namely Singapore, Indonesia, Malaysia, China, India, Myanmar, Vietnam, Taiwan and the Philippines. Clients he has worked with have been renowned corporations and many other dynamically developing companies and private investors looking for innovation.

Dymitr is active at many levels of business, designing modern offices as well as luxury hotels or private homes. When designing furniture and other products, he uses his knowledge from many fields and experience gained while working with global clients.

Eine runde Sache

A round thing

Durch clevere Anordnung der Lehne entstehen je nach Be-
lieben klassische Sofas, Chaiselongues oder Ottomane. Ein
passender Beistelltisch bietet ausreichend Ablagefläche für
Arbeitsmaterialien oder bspw. Getränke. Formal wird hier die
abgerundete Form der Sofas wieder aufgegriffen.

Clever arrangement of the backrest creates classic sofas,
chaise longues or ottomans as desired. A matching side table
provides sufficient storage space for work materials or drinks,
for example. Formally, the rounded shape of the sofas is taken
up again here.

Auf die Ecke gesetzt Set on the corner

Der OKA Plus Coffeetable ist in drei unterschiedlichen Größen und drei Höhen erhältlich. Durch den kreuzförmig ausgebildeten Fuß lässt sich der Tisch auch an die Ecke eines Sofaelements platzieren oder als lockere Gruppe von mehreren Tischen zusammenschieben.

The OKA Plus coffee table is available in six different sizes and three heights. The cross-shaped base also allows the table to be placed at the corner of a sofa element or pushed together as a loose group of several tables.

Neuer Arbeitsort

New work place

Mit den OKA Plus Sitzelementen lässt sich im Handumdrehen ein Arbeitssetting schaffen, welches Raum für Kreativität und innovative Ideen bietet. Die Stromversorgung kann dabei bequem über mit einer Elektrifizierung versehene Winkелеlemente erfolgen.

With the OKA Plus seating elements, a work setting can be created in no time at all that offers space for creativity and innovative ideas. The power supply can be conveniently provided via angle elements provided with electrification.

Die Andockelemente mit Elektrifizierung dienen gleichzeitig als Ablagefläche
The docking elements with electrification also serve as storage space

Technische Details

› Fuß am Polsterelement
› Foot on the upholstered element
